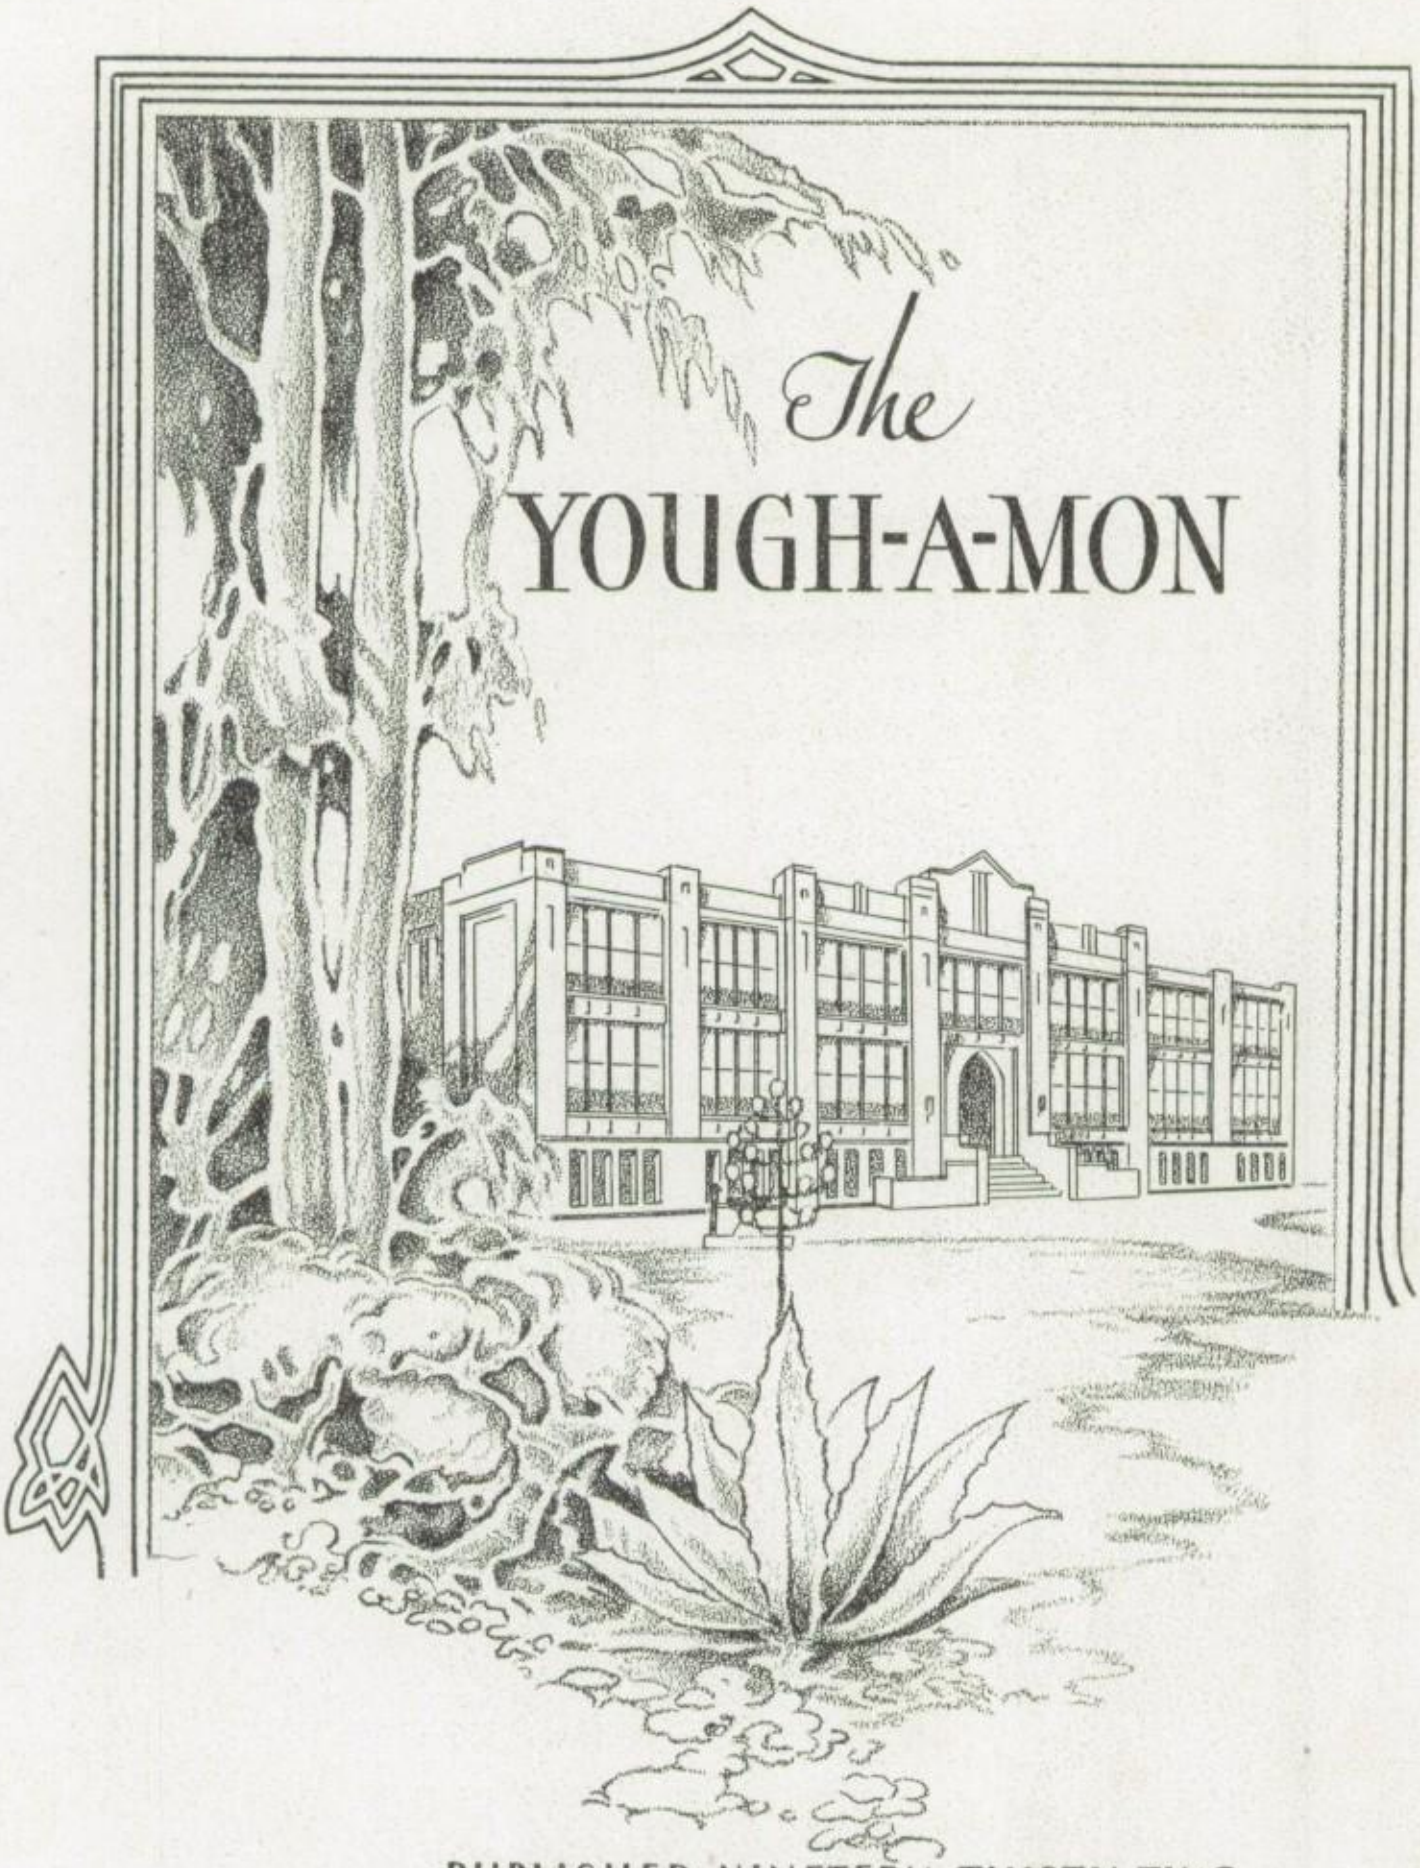
OUR ALMA MATER

THE FLOWER OF A HUNDRED YEARS OF PROGRESS

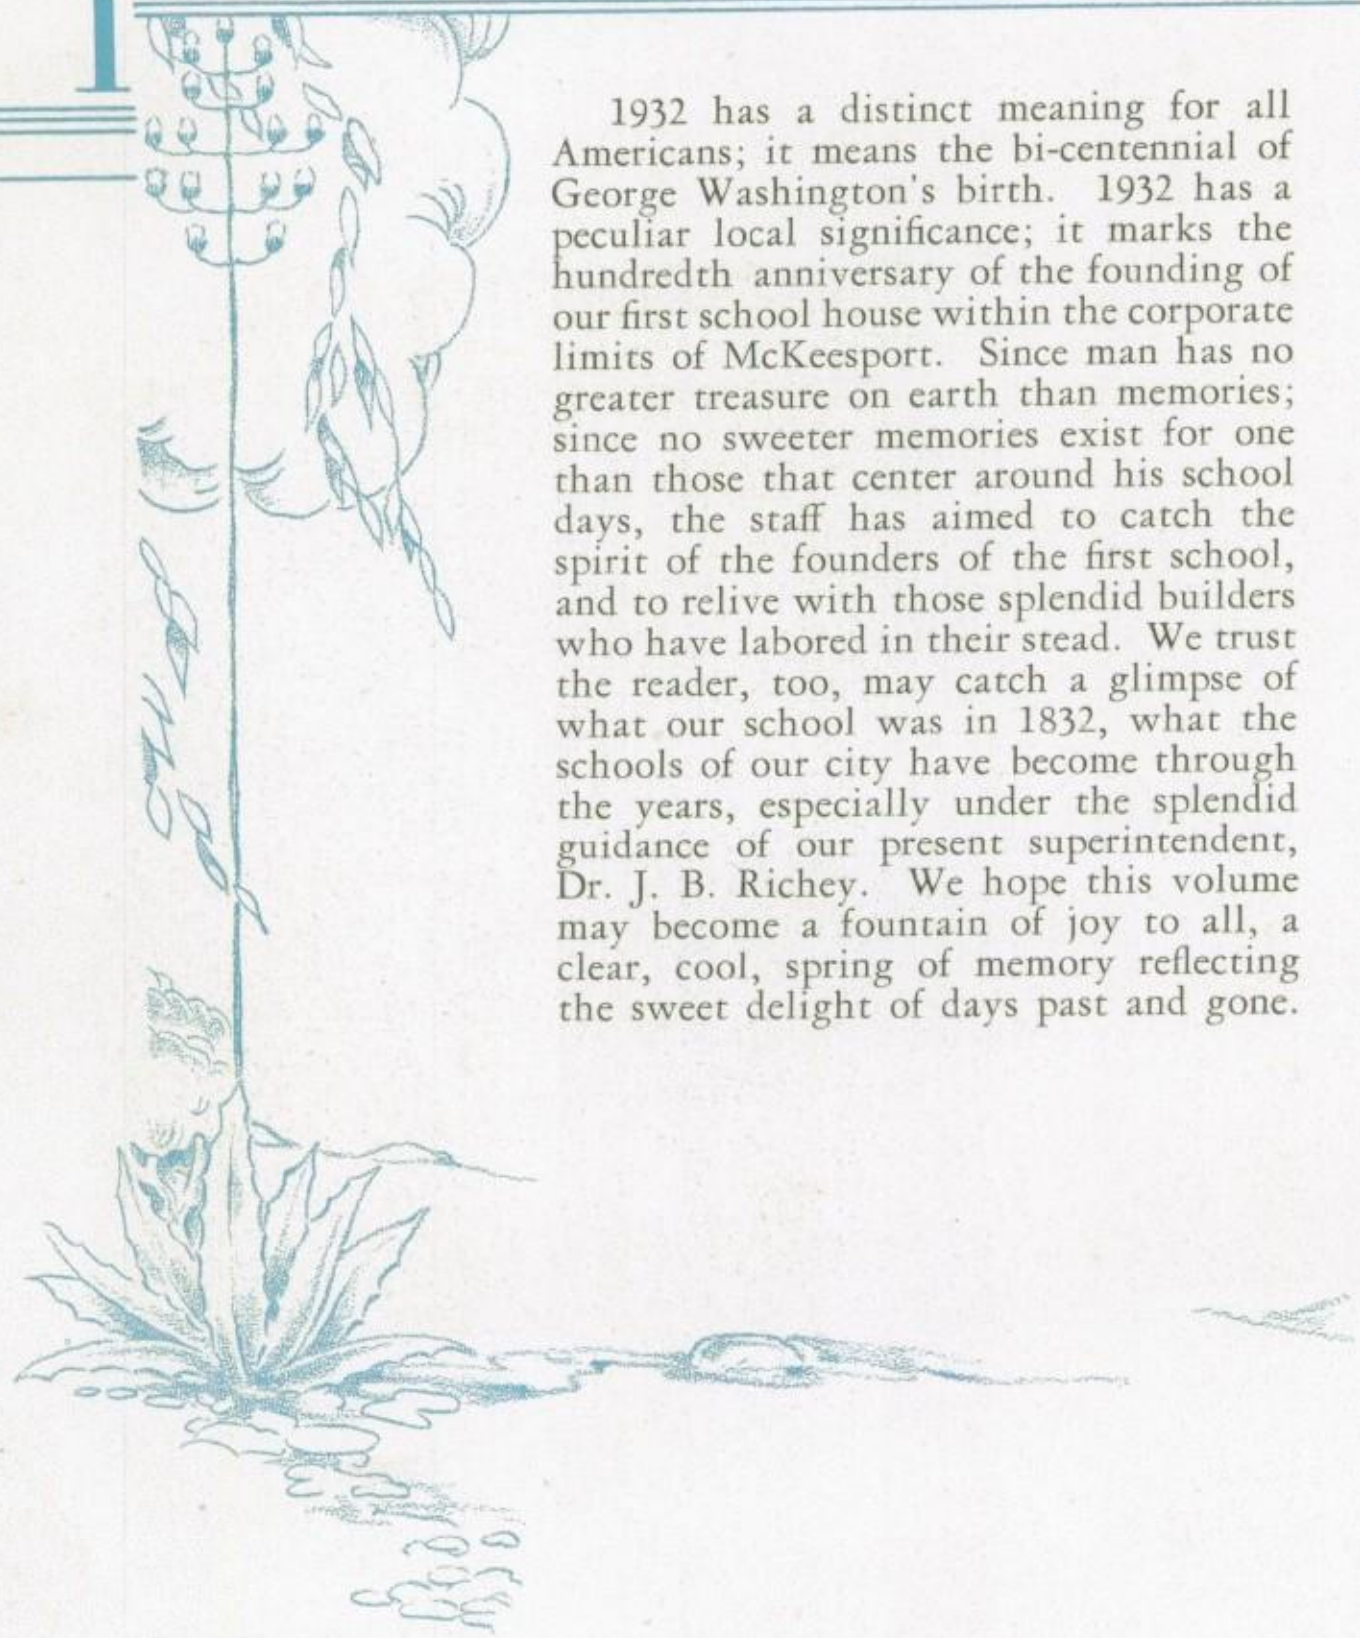
"This is the place. Stand still, my steed,
Let me review this scene,
And summon from the shadowy past
The forms that once have been."

The YOUGH-A-MON



PUBLISHED NINETEEN THIRTY TWO
BY THE SENIOR CLASS OF
McKEESPORT HIGH SCHOOL
McKEESPORT PENNSYLVANIA

Foreword



1932 has a distinct meaning for all Americans; it means the bi-centennial of George Washington's birth. 1932 has a peculiar local significance; it marks the hundredth anniversary of the founding of our first school house within the corporate limits of McKeesport. Since man has no greater treasure on earth than memories; since no sweeter memories exist for one than those that center around his school days, the staff has aimed to catch the spirit of the founders of the first school, and to relive with those splendid builders who have labored in their stead. We trust the reader, too, may catch a glimpse of what our school was in 1832, what the schools of our city have become through the years, especially under the splendid guidance of our present superintendent, Dr. J. B. Richey. We hope this volume may become a fountain of joy to all, a clear, cool, spring of memory reflecting the sweet delight of days past and gone.

To

Miss Lillian Nelson

Whose splendid service has created a spirit of true friendship, fine scholarship, and unfailing loyalty, the Staff dedicates this volume of the Yough-A-Mon.

"Farewell, Alma Mater, our home no longer now,
Witness of many a calm and happy day;
And thou, fair eminence, upon whose brow
Dwells the last sunshine of the evening ray.
Farewell! Our eyes no longer shall pursue
The westering sun beyond the utmost height,
When slowly he forsakes the fields of light.
Farewell, Alma Mater, where many a day has passed
In joys whose lov'd remembrance long shall last."

In Memoriam

GENEVIEVE BARKEMEYER

January 29, 1914 *March 29, 1932*

"Even death has a wonderful mission,
Though it robs us of her we love;
It draws our hearts from our surroundings
To long for that meeting above.
No metter how heavy our loss is,
No matter how great our despair:
Doesn't heaven seem nearer and brighter,
To know the one we love is there?"

The 1932 Class History

In September nineteen hundred and twenty-eight, we, as inexperienced little "freshies," marched through the forbidding cavernous opening into the "castle on the hill," McKeesport High School. Who could ever forget those days? We were mere "freshies" roaming fearfully through the long halls of the school as sailors lost at sea. Indeed, it took quite a few weeks to get used to the routine. Two minute bells and chapel periods seemed quite a novelty, but examinations startled us. Soon we were invited to join the glee club, orchestra, and band. As we thought of the future, it seemed as though it would be ages until we would reach the lofty standing of our upper and honorable classmen, the Seniors. As we went up the walk to school in the mornings, or travelled through the halls during the course of the day, everyone looked at us so coldly. Their very looks told us that they knew we were merely insignificant "freshies." After getting lost several times the first month or so, we began to settle down to business. But, at last, a seemingly endless term drew to a close, and we let our Freshman year slip into the background, for our promotion slips recognized us as Sophomores.

We entered our second year in high school feeling quite confident and grown up. Now it was our turn to look down on the "Freshies." We had become quite accustomed to taking examinations, supporting the "Red and Blue" sale, as well as that of the Annual. However, the Seniors were as frigid and distant as they had been when we had first seen them. Our teachers, on the other hand, treated us far better. We were ready to become Juniors, understanding exactly what was expected of us as high school students.

We were climbing very rapidly, and before we knew it, we had attained the best year perhaps of the whole four years of high school. Basketball games! football games! and even dances! No longer were we, as full fledged Juniors, afraid to appear in the company of Seniors. After all, weren't we just as good as they? Examinations and two minute bells had become quite a common occurrence, while chapel still held a thrill, although it was not so intensive as it had been. Our studies kept us just as busy as they had done the two years previous. The whole Junior year was crowned by that most delightful event, the choosing of our class rings. It was not long before it suddenly dawned on us that we were no longer Juniors, but members of that once cold group, the Seniors.

On September 8, 1931, we again marched through the doors of our dear old school. They were not forbidding as they had been four years before, but were welcoming us to take part in our last year's studies and activities. Early in the fall our class was organized, and class officers were elected. These officers were: President, Edward Whalen; Vice President, Eleanor Carr; Secretary, Sara Alexander; Treasurer, Howard Sharpe.

For the last time we have sold "Red and Blue's" and "Annuals." We have been thrilled, for the last time, by football and basketball games. It will not be long until we shall say goodby to our Alma Mater.

"Be good, O Seniors, and let who will be clever,
Do noble things, not dream all day long;
And so make life, death, and that vast forever,
One grand sweet song."

SCHOOL PICNIC AT OLYMPIA PARK
June, 1931

The 1933 Class Saga

THREE long years! As awed Freshmen, as bold Sophomores, as proud Juniors, we've experienced work and play, joy and sorrow, failure and success, to attain the lofty heights of haughty Seniors.

It is our privilege as upper classmen to recall our Freshman days with amusement. It is our regret that those eventful days are gone. Yet, they are not forgotten. How uncertain, how frightened, yet how excited we were that memorable September day in 1929, when we faltered with stumbling steps into the great halls of M. H. S. We were lost—lost in that confusing maze of studies, schedules, bells, traffic, and other students. Slowly but surely we attained a firmer grasp upon our school and its significance. With the enthusiasm, which characterizes every Freshman, we plunged headlong into everything that was offered to us as a responsibility. The tradition of the school was our glory, our every deed and thought. We zealously undertook the work of the glee club, the band, and the orchestra. We were the loudest in the cheering section at the games; the most prominent at the games, and the most approving at our plays, concerts, and operettas. Alma Mater threatened us with disaster when we occasionally saw examinations loom on the horizon. We glowed with pride when our school was marked by its perfect banking record. We, the Freshmen class, were a part of that great organization, the McKeesport High School.

Our heads were up when we jauntily entered the familiar portals of the high school as experienced students, Sophomores. The timid, backward students had suddenly become bold changelings. We feared nothing; we feared no one, but no one feared us. We felt our mighty pedestal quiver and tremble when the examinations threatened it. As our difficulties increased, the realization that our climb was threatening and the way rugged awakened us to more effort. Despite our struggle with Caesar, our school activities remained supreme in our thoughts. Our interests were scattered everywhere. We went to see the French plays. We heard the concerts and enjoyed the operetta. Another achievement for our school baseball champions assured us Sophomores that we were a ranking factor in the mighty process of our school.

Up and up! Half the battle was won. As Juniors, proud upper classmen, we stepped into McKeesport's Hall of Learning with responsibility weighing our shoulders and ambition filling our hearts. No longer were we inferior as students; no longer were we subject to the Senior's disapproval. We worked; we struggled, conscious of what the school offered us, and conscious of what we owed the school. As the year progressed, the activities were as interesting, our studies as difficult, but the celebration of George Washington's two hundredth anniversary diverted us the most. Debating interested us, despite the fact that we couldn't participate in the club activities. After a long year of both labor and leisure, we are almost at the top of the ladder, the spectres of failure are far and few between.

After three long years, we stand ready and waiting.

The 1934 Class History

The great golf tournament opened on the ninth day of September, 1930, on the magnificent golf course which lies on a hill overlooking our busy city. This is considered one of the finest and most difficult courses in the state of Pennsylvania. Several years prior to the opening of this great tournament, foursomes had been in training on smaller courses, to make ready for the great match. These smaller courses included Centennial, Shaw Avenue, Versailles, and Walnut Schools. Most of the dubs had been eliminated because of hazards, mental or otherwise, and those who were ready for the start were really the "cream of the crop."

We were off for the first nine holes. Frightened Freshmen went to the tee for their first drive, laden with their golf bags, filled with golf clubs, ready to master their own degrees. No caddies are allowed on this course, because everyone must carry his own sticks. A hole-in-one was made by Miss Wallace, when she presented the operetta "Rosamunde." The students made a beautiful drive in selling the "Red and Blue" and the "Yough-A-Mon." When we laid our clubs away for the Easter vacation, Miss Gillman and Miss Meinert took a group of girls on a trip to Washington. During the year Dr. Richey, the "pro," frequently visited the course to oversee our drives, putts, and mashie shots. It took a good niblick to get our examinations from the high grass onto the fairway. While we sat in the shade of a huge tree, the glee clubs entertained us. As I look back over the playing of the first nine holes, which took us a year to complete, there were no outstanding plays of great brilliance, but neither were there any dub shots. Few of us, if any, remained long in the rough. With Dr. Richey as our "pro," we started these finals with the greatest number of players in the history of the golf club.

After several months of rest we came again for the second nine holes. The course was so crowded that it was necessary to make permanent tees. Room 104 had 100% in banking (their shots). The football team received a prize trophy for winning every game except that with Clairton on Thanksgiving Day. After the Christmas vacation, we took time to aid the hospital drive by writing essays to further community interest in this project. After we had played a few more holes, the teachers organized debating teams, and the debaters visited other courses bringing home victories. The high school made a food collection for the hungry golfers at the "Helping Hand," the Salvation Army, and other charity establishments. A few of our orchestra champions departed for a national convention in Cleveland. Having gone over the course once, we felt a certain amount of assurance, but, by the time we had reached the sixth hole, we very unexpectedly ran into some examination sand traps. Most of the players continued playing to the next hole, while a few were left behind, contemplating their trapped ball. A George Washington Tableau helped to take our minds off the steady grind.

We are almost over the first eighteen holes without serious mishaps, but certainly we have a very much better idea of this great game of golf. There are still eighteen more holes to play, but with the steady guiding hands of our "pros," Dr. Richey, Mr. Bower, Mr. Lawson, and the faculty, we are sure to win the goal in the year 1934.

The 1935 Class History

All Aboard! The McKeesport High Limited started on its way to Pitt, Tech, Penn State, Harvard, Yale, and other institutions. Twelve hundred Freshmen embarked on King Knowledge's four-year excursion. The journey before us loomed full of expectation, experience and adventure. The train was so crowded that many "Freshies" were transferred to the George Washington Special, on which they expected to follow their educational trip. The attempted explanations of the teachers and the schedule sheets of well-meant directions only served to make more confused our already befuddled minds. Soon the train settled down to a rhythmic beat, and we tried our best in examinations. Even these did not prevent us from joining in the various musical and athletic events. Before long most of us were faithful members of the glee club, band, and the orchestra. During the first part of the term we enjoyed very much watching football games. Later came our basketball games. We helped our upper classmen, the Seniors and Juniors, to make a success of their French plays, the operetta, the sale of the Annual and of the "Red and Blue". They, in turn, supported our very successful presentation of the George Washington pageant, which was the first program ever sponsored by the Freshmen. We ought to be proud of the fact that our class was so honored. In spite of our interest in such activities, our studies have not suffered from neglect, as may be seen by the Honor Roll. The Freshmen can pride themselves on holding first place on this exclusive list. As the train slowed to make a stop, we received our Sophomore tickets and rushed out in a body, relieved that one-fourth of our journey was over.

RICHARD JONES

"Here's to those who patiently plod
Along life's dreary and uphill road;
For though no way to fame they have trod
They have done their best, they have borne the load.

"So strive on, work on, plod on,
Ever faithfully do your best;
Though others surpass you in honors won,
You can say, 'I have stood the test'."

"True worth is in being, not seeming,
In doing each day that goes by
Some little good, not in dreaming
Of great things to do by and by.
For whatever men say in blindness,
And spite of the fancies of youth,
There's nothing so kingly as kindness,
And nothing so royal as truth."

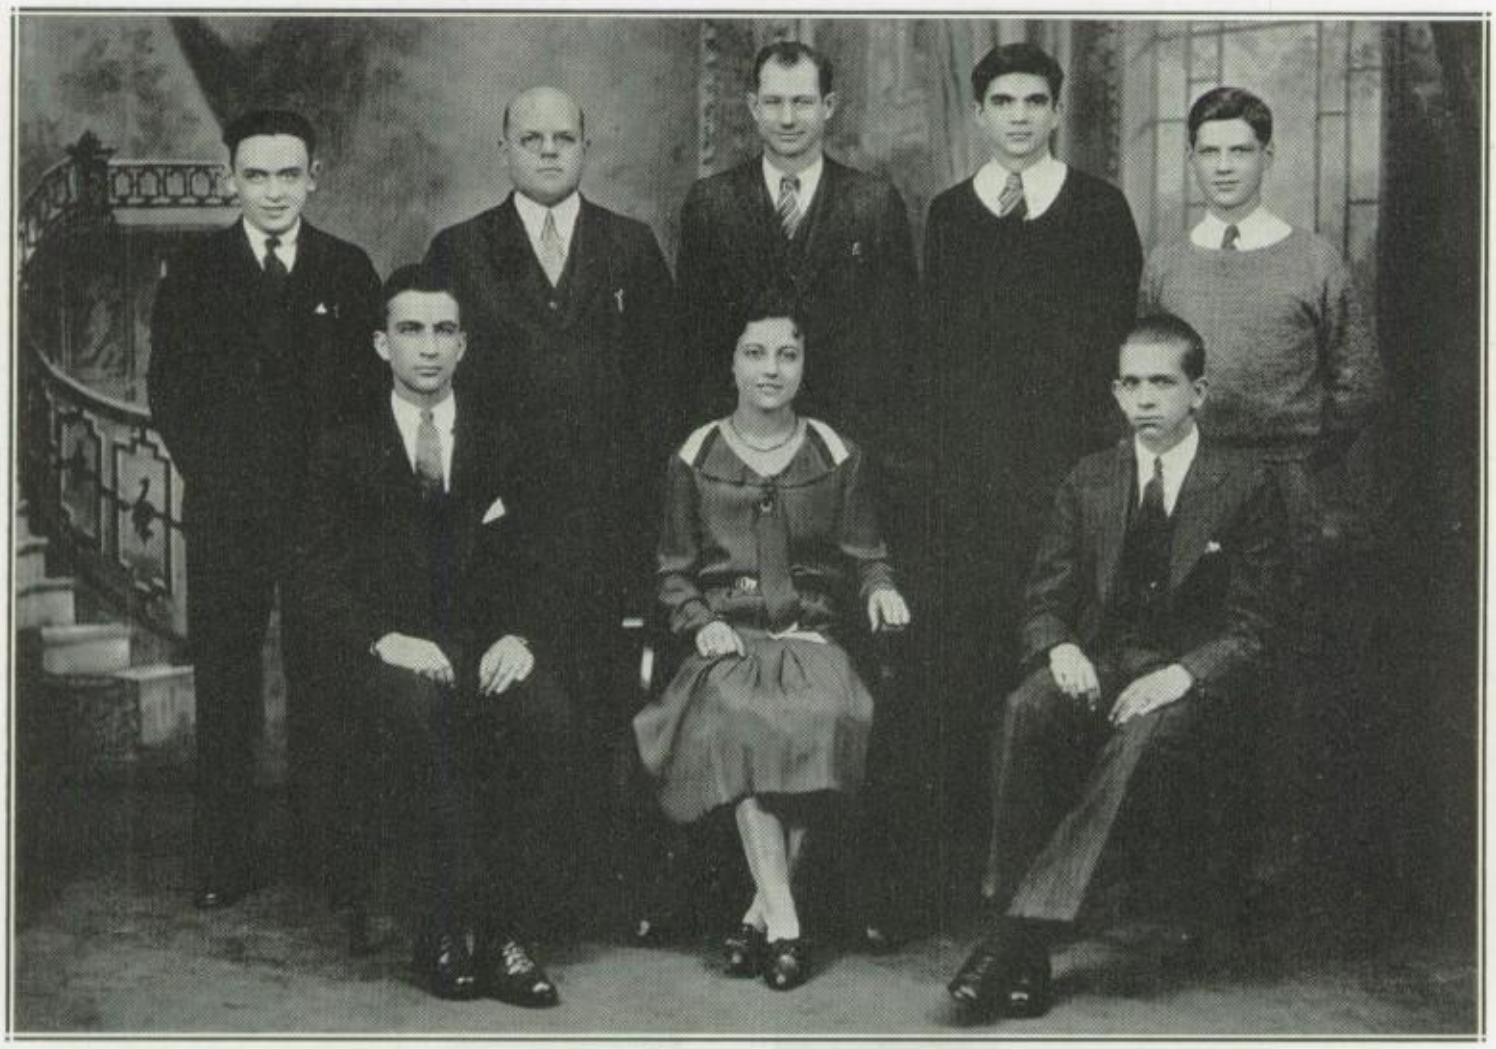
A REPRESENTATION OF TRADE PATTERN-MAKING



THE DEBATING TEAM AND COACHES
Sitting: Wm. Gold, Dorothy Rider, Donald Carlson.
Standing: Leonard Sieff, Mr. Crall, Mr. Erwin, Chester Chew, Robert Beswick.

McKeesport High's Forensic Activities

The high school entered a new field of activity this year, that of debating. Early in the year the school joined the State Forensic League, and was placed in district one, consisting of Turtle Creek, Homestead, Clairton, and McKeesport. Try-outs for the two teams were held in Room 205, and the following candidates were chosen: affirmative, William Gold, captain, Dorothy Rider, and Leonard Sieff; negative, Donald Carlson, captain, Robert Beswick, and Chester Chew. For some weeks these speakers, under the tutelage of Mr. Crall and Mr. Erwin, prepared and rehearsed their arguments on the proposition "Resolved: that the several states should enact legislation providing for compulsory unemployment insurance."

In the first debate, held on February 3, with Munhall, McKeesport scored a double victory, both the affirmative and negative teams winning the decision of the judges. The second debate, on February 11, with Homestead, resulted in an even break, the affirmative team losing the verdict and the negative team winning the decision. On February 17 McKeesport lost the affirmative argument to Turtle Creek. M. H. S. won the negative decision. The last debate, with Clairton on February 24, was a complete victory for McKeesport. The final results of the season showed McKeesport to rank second in the district, Homestead winning the right to debate the winner of section two. This was McKeesport's first attempt in this field of interscholastic competition, and the record is indeed gratifying to those fostering interschool debating in the local school.

A NEW VIEW OF INTERJECTION

"An interjection is a shout or scream raised by a person too surprised or frightened to make a sentence with his thoughts. It is not quite a human language. The lower animals say nothing else but interjections. Accordingly, ill-natured and cross people by their interjections come very near to animals."

QUITE A DIFFERENCE

Teacher's dictation: "His choler rose to such a height that passion well nigh choked him."

Student's Reproduction: "His collar rose to such a height that fashion well nigh choked him."

◈ ◈

HOW TRUE!

Teacher: "Willie, name the three races of man."

Willie: "Foot race, horse race, and automobile race."

◈ ◈

Dick: "I won't leave you for a minute after we're married."

Ruth: "Why, you suspicious thing!"

Student (graduating): "Good-bye. I am indebted to you and the faculty for all I know."

Senior: "Don't mention such a trifle."

◈ ◈

Music pupil: "Was my 'Slumber Song' effective?"

Teacher: "Very. I went to sleep after the first verse."

◈ ◈

A suspicious mortal about to travel alone was warned not to talk to strange men. At the station the conductor asked, "Where are you going?" "To Detroit," she answered. So he put her on a Detroit train. As the train pulled out, she looked and said, "Ha, ha, I fooled him that time. I'm going to Chicago."

◈ ◈

Daughter: "But you shouldn't be angry, Mother; I stood there only for a second last night."

Mother: "I am sure I heard a third and a fourth"

◈ ◈

An optimist is a man who does not care what happens, if it does not happen to him.

◈ ◈

"But, doesn't your husband have any hobby?"

"Oh, yes; he's always trying to comb his hair over the bald spot."

The interpreter succeeds in having the young man arrested for stealing, and he is about to be taken away by the police from Scotland Yard, when a timely call from Paris informs the young man of his promotion in his firm. "Let me but live my life from year to year,
With forward face and unreluctant soul;
Not hurrying to, nor turning from, the goal;
Not mourning for the things that disappear
In the dim past, nor holding back in fear
From what the future veils; but with a whole
And happy heart, that pays its toll
To youth and age, and travels on with cheer."

The 1932 Red and Blue

BUILDING on the foundation of their predecessors, the staff of the 1932 "Red and Blue" has attempted to put out the best edition of the paper ever published. To accomplish this purpose the management added features.

Among the interesting new features was "Ballyshoot", a column of humorous short stories. Another new column was "Dear Diary". The Tattler, Music Box, Woodpecker, and Walter Windchill were again featured in the paper. "Noodle Soup" was more spicy and tasty than ever. The editorial policy was changed somewhat. An attempt was made to inject students, interest articles and school life topics into the editorials. Helpful advice to students written by instructors was published from time to time. Personal interviews aided in "pepping up the news."

The sales campaign was a success, due to the cooperation of the students and faculty. Over 800 copies were sold. Although somewhat lower than last year's net sales, the number sold for 1932 was very good considering the times.

Much of the credit for the 1932 Red and Blue goes to Mr. L. W. Strong, the faculty adviser, whose earnest assistance to the staff made the publication a success. The staff also desires to thank Mr. Ernest Cramblet, the printer, Mr. Birch, the photographer, and Miss Woods, who took charge of the typing of the material. Then, too, the staff is grateful for the cooperation of the students, faculty, and local civic clubs.

A well-known organist was conducting choir practice, the anthem under treatment being "As Pants the Heart."

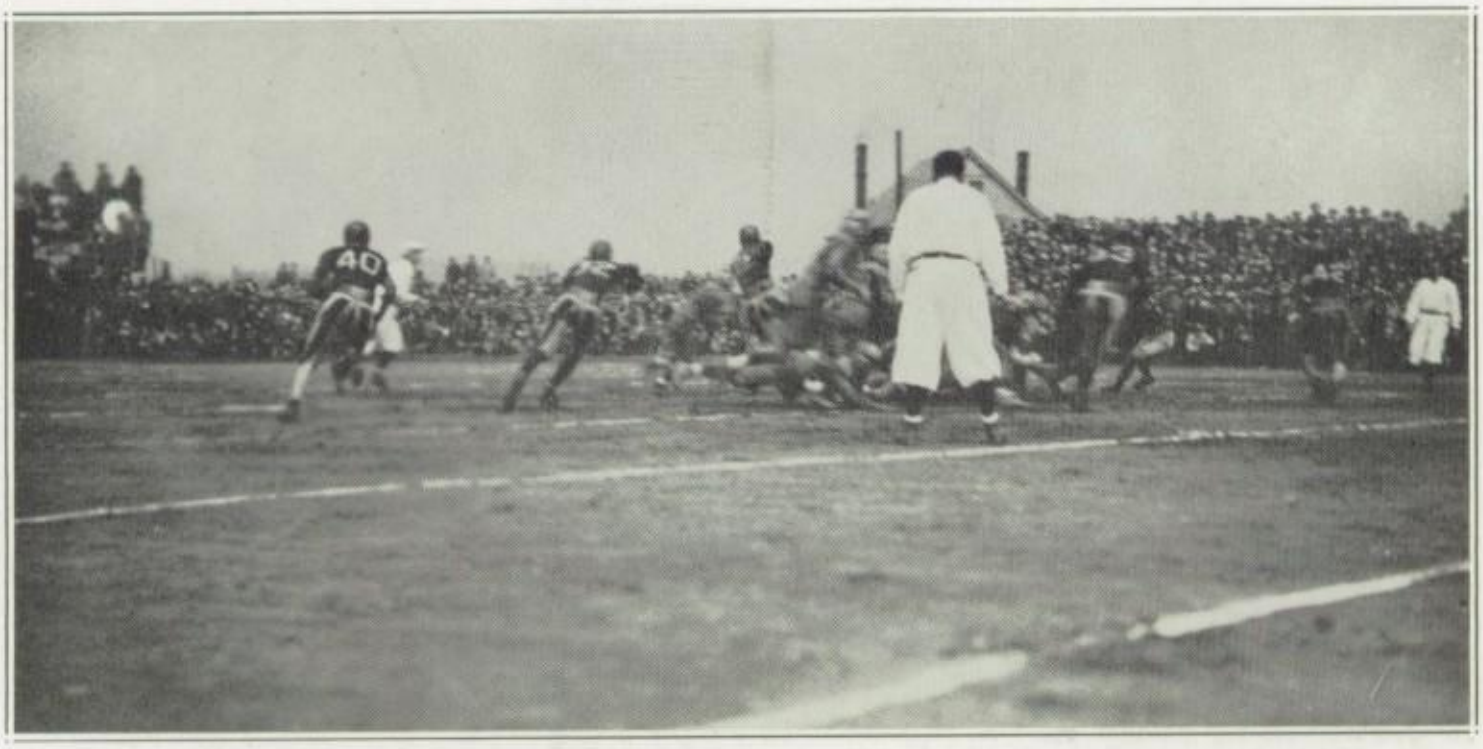
The Football Season

A REVIEW

McKeesport High had a most highly successful football season last fall, winning every game on her schedule except the championship tilt with Clairton High on Thanksgiving day. Beginning with the opening game with Glassport the local team added victory to victory until M. H. S. caused the eyes of the sport world to turn to her achievements. Not a local team in the last decade made such a splendid showing in the W.P.I.A.L. circles.

The local season opened with a last quarter victory over a light but well-drilled Glassport team. The score was 8 to 0. It was a nip and tuck affair from start to finish. The next Saturday saw a much improved team upset the Uniontown team on the latter's grounds. Again the superior McKeesport team ploughed its way to a 13 to 0

victory. One touchdown was the result of a blocked kick, while the other resulted from an intercepted forward pass. The next game resulted in another smashing victory over Tarentum by the score of 13 to 0. In spite of the many penalties the locals won the contest, thus breaking the hold Tarentum has held on our team. The following Saturday the team moved to the Norwin stronghold. Again the familiar 13 to 0 was flashed over the gridiron, with another well-deserved victory for M.H.S. The next week Connellsville came to Memorial field for its annual contest with the locals. The game proved to be a mere romp for McKeesport, for the score was 26 to 0. West Newton was the next opponent met on Memorial field. Again the smashing line and speedy backs of M.H.S. brought a well-earned 39 to 0 victory to the local school. A week later the team and rooters entrained for New Castle, where a bitterly-fought game ensued. After the smoke of the battle had cleared away, McKeesport was ahead by the score of 7 to 6. The last home game was with Homestead High. Again M.H.S. emerged victor by the score of 24 to 7. Thus far, McKeesport had won



eight straight games, being scored on only twice. Because of the splendid record rolled up by the team the game at Clairton loomed up as the championship tilt. Practically all of McKeesport and Clairton watched the great battle. The first half saw M.H.S. carrying the struggle to their opponents, the half ending in a scoreless tie. The second half was a different story. The greater staying qualities of the Clairton team brought her a well-deserved victory—the score 12 to 0. Shortly after the season closed Clairton High was declared the W.P.I.A.L. champion for 1931.

Prospects for this coming fall are indeed bright. Close to a dozen letter men will be back next fall. In addition to such sterling players as Captain-elect Burke Vidnovic, Jakomas, Katrick, Kovacevich, Mark, Spalla, and Schultz, the coach will have several outstanding stars from the Juniors' squad to rebuild the teams for 1932.

Because of the splendid training received last fall several of the Juniors will be likely candidates for the Varsity next fall.

The Baseball Season

A REVIEW

Behind the masterly pitching of Mike Bubrik, the timely hitting of his team mates, and the air-tight fielding of the players McKeesport High swept all opponents aside to win the sectional championship and the W.P.I.A.L. baseball cup, emblematic of the championship of Western Pennsylvania. After losing the opening game to Turtle Creek, the Tubers, under the clever coaching of Mr. Fallquist, began to mow down their opponents, winning eight games in a row. They climaxed their brilliant work with an impressive victory over Scott High, 12 to 0, and a spectacular victory over McKees Rocks, 4 to 3. The last game was played at Forbes field, and was not decided until the last inning, when a big rally brought a McKeesport victory. Only once before has McKeesport High succeeded in ascending the throne as baseball champions, that being back in 1924, when the Red and Blue defeated Wilkinsburg High on the Duquesne University field, in Pittsburgh.

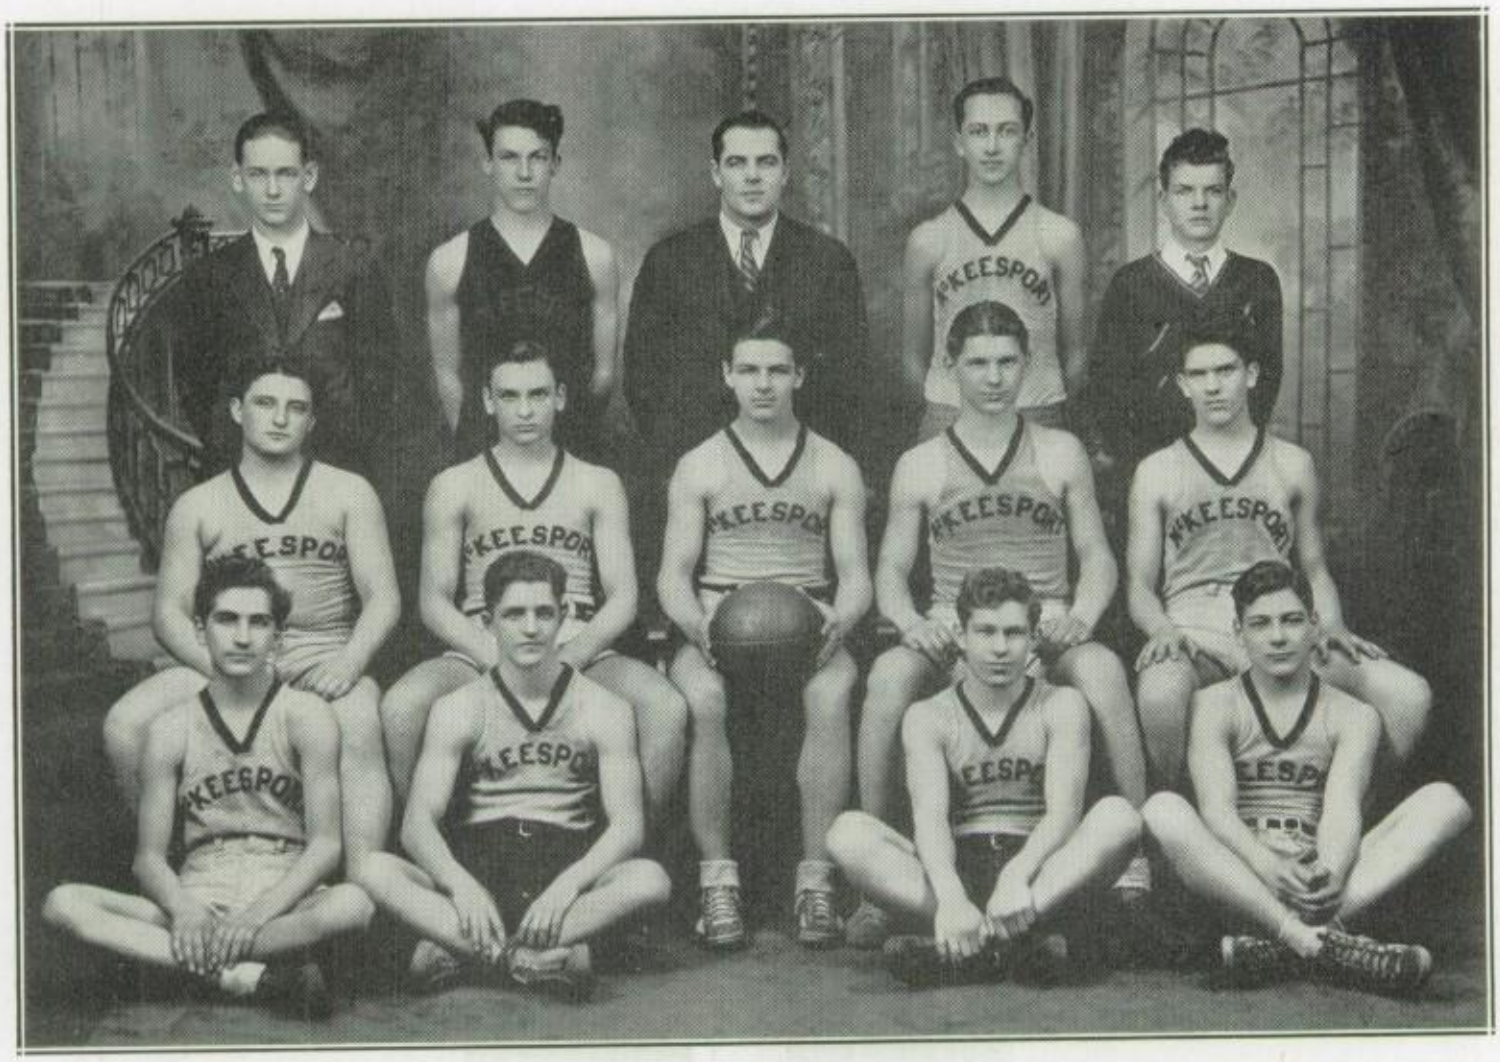
BASKET BALL

A REVIEW

The game with Donora High, played March 1, brought to a close one of the poorest basketball seasons McKeesport High has ever experienced. The Red and Blue occupied the undesirable last place in our section, while Homestead High won first place with a clean slate.

When the season opened, the new coach, Frank Buchanan, found only one letterman in school. Around Captain Mike Bubrik the coach began to build his team to meet such worthy opponents as Homestead, Duquesne, Munhall, and Clairton. Early in the season Gehres, Dudash, Uher, Tanzos, and Captain Bubrik played the major part of the games. Later a complete shift was made, and Petach, Lefkowitz, Hayes, Caughey, and Cohn comprised the mainstay of the Varsity.



THE RESERVES' BASKETBALL SQUAD

First Row: Chancio, Zwibel, Kittiko, Morlock.
Second Row: Wise, Carozza, J. Kovacevich, Oncea, Lundgren.

Golf Activities

McKeesport High School enjoyed a fine season in golf. This past year the school was a member of section two of the Interscholastic Golf Conference. Other schools in this section were Bellevue, Carrick, and Oliver High Schools. McKeesport High won the sectional honors with six victories and no defeats. The scores were as follows: M.H.S. 15, Bellevue 7; M.H.S. 15, Bellevue 10; M.H.S. 15, Carrick 10; M.H.S. 15, Carrick 5. The other victories came as the results of defaults on the part of Oliver High.

As a result of winning the sectional honors McKeesport High met Kiski for the conference championship. Our boys were off form; Kiski won the meet by the score 22 to 2. In a match to decide the runner-up in the conference championshlp Shadyside Academy and McKeesport played a match, wiht the result that Shadyside won by the score of 14 to 11.

Prospects for the 1932 season are bright indeed. Practically all of the lettermen are back in school, and with the experience acquired iast year, our teams should surpass the splendid achievements made last spring. The candidates are anxiously awaiting the arrival of spring and warm weather.

Physical Education

Physical education in the high school has kept pace with the high grade work done in the class-rooms, with victories on the diamond, court, and on the gridiron. The aim of the physical education department is to provide every boy and girl of the high school with clean and wholesome exercise. The usual gymnasium work, as wand exercises, club swinging, and dumbbell drills, has been supplemented with basketball games and other group exercises. Both gymnasiums are busy throughout the day. In fact, every student, unless excused by his physician, has a regular gymnasium class. Physical education is receiving a just and proportionate attention in the high school.

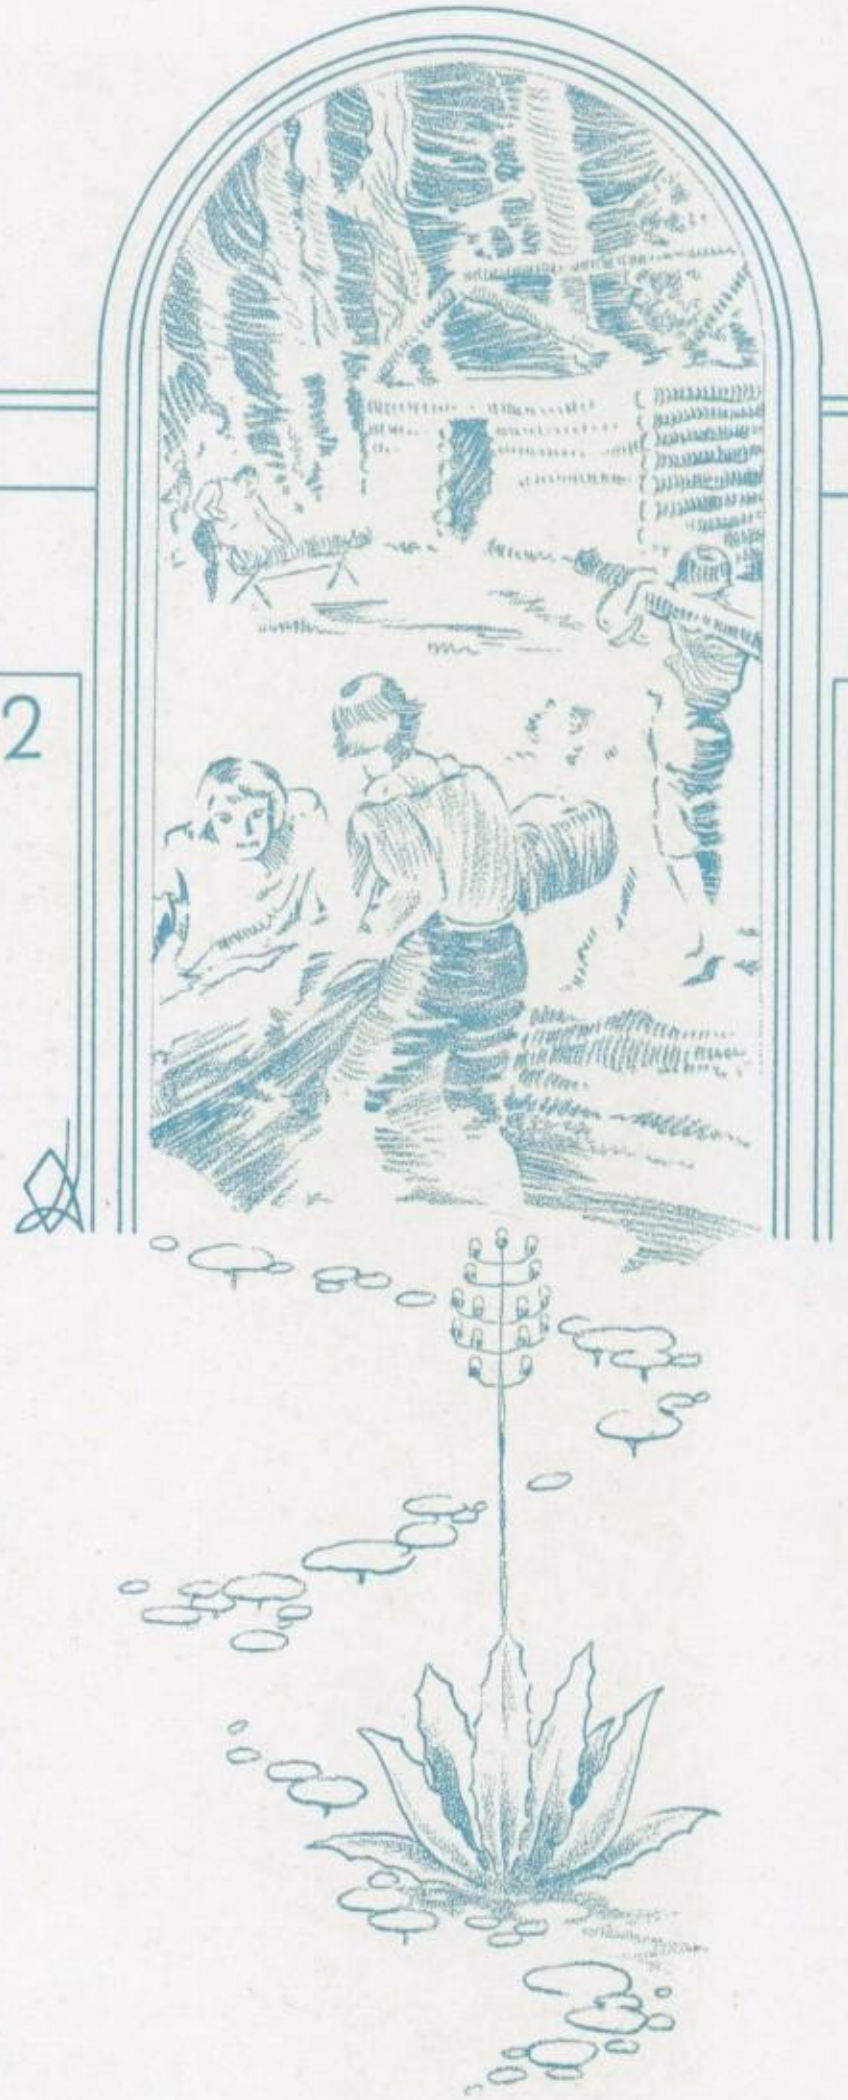
1932



"All are architects of Fate,
Working in these walls of Time;
Some with massive deeds and great,
Some with ornamanets of rhyme.
Build today, then, strong and sure,
With a firm and ample base;
And ascending and secure
Shall tomorrow find its place."

The Music Department

The music organizations have enjoyed another fine year of musical achievements. The concerts staged by the glee clubs, orchestras, and the bands have merited much commendation. Many of the selections rendered have been above the usual standard of high school productions. The orchestra was signally honored by having six members of the club play in the All-Eastern orchestra, which performed at the conference of music teachers at Cleveland, Ohio, last April. Those being invited to play in the orchestra were Joe Kostur, viola, Edward Garbett, oboe, Henry Kelly, clarinet, Fred Edinborrow, bassoon, Wm. Gold, trombone, Charles Rae, cello.

As in other years, Mr. Stribney has had supervision of the orchestras and the bands. Miss Wallace has directed the work of the glee clubs, except that of the Freshman glee clubs. Miss Hoover has had charge of the latter organizations. She also conducted the music classes for the Freshman students in the George Washington building. Miss Wallace and Miss Hoover directed the Freshman music activities in the high school building.

OUR REPRESENTATIVES AT THE ALL-EASTERN CONFERENCE OF MUSIC TEACHERS

Cleveland, Ohio, April, 1932

Sitting: Edward Garbett, Charles Rae, Henry Kelly.
Standing: Wm. Gold, Joe Kostur, Fred Edinborrow.

A woman ran away from her husband and went to live in a hotel. After several days she went back to him. She said she couldn't stand looking at the sign on the hotel door every time she went out. It troubled her conscience. It was: "Think, have you left anything?"

◈ ◈

Miss Woods: "I will have to give you a zero this semester."

Lilly Farkas: "Well, that means nothing in my young life. "

◈ ◈

One lover: "I'm sorry. No doubt you'll find some other girl who'll make you forget me."

Another lover: "Oh, but I can never forget."

One lover: "Nonsense. You did it on my last birthday without any trouble."

◈ ◈

Mr. Birch: "Do you want a large or small picture."

Ed. Whalen: "A small one."

Mr. Birch: "Then close your mouth, please."

Many a promising young man turns out to be a man who keeps on promising.

◈ ◈

Wealthy Father (irrascibly): "Well, young man—you wish to speak to me? Out with it—quickly! Do you want to marry my daughter or borrow money?"

Suitor (coolly): "I don't mind, sir—which would you prefer?"

◈ ◈

The girl who looks good isn't necessarily good looking.

◈ ◈

A Freshman, describing Tom Sawyer, said, "He was a smart looking boy, very fond of fighting, and he was always sharp at this kind of job. His character was always good, sometimes."

◈ ◈

A student, explaining this line of poetry, "The lark that soars on dewy wing," said, "The lark was going so high and flapping his wings so hard that he broke into perspiration."

THE PLOT

The Mikado is the emperor of Japan. His son Nanki-Pooh has run away in the garb of a strolling minstrel to escape marrying the elderly Katisha. He has become infatuated with Yum-Yum, the ward of Ko-Ko, who has a monopoly on guardianship, and is also the Lord High Executioner. Ko-Ko, too, loves Yum-Yum, and is planning to marry her.

When Ko-Ko, the tailor, was appointed to his high office, all the ministers of state resigned, and Pooh-Bah succeeded to their titles. He is also "retailer of state secrets at a low figure." This Pooh-Bah informs Nanki-Poo of Ko-Ko's intentions with regard to Yum-Yum, and, on revealing his high rank, wins her affections.

Ko-Ko, who is a mild-mannered man, did not have an execution even on his inauguration day. The Mikado sends him word that he must arrange for an execution of some sort within a month, or he will lose his position. Nanki-Pooh comes to Ko-Ko's rescue by offering himself as a victim, provided he may marry Yum-Yum and live with her during the month before the execution. Ko-Ko gratefully accepts the offer.

Yum-Yum has made all preparations for the wedding. She is having a tete-a-tete with Nanki-Pooh, when Ko-Ko interrupts to inform them he has discovered a law which requires that a wife whose husband is executed must be buried alive. To avoid anything so tragic, Nanki-Pooh offers to commit suicide. This, however, would only complicate matters and would not save Ko-Ko. So he proposes to make a false statement that Nanki-Pooh has been executed with horrible torture.

The Mikado arrives. Ko-Ko tells him about the execution which he claims has taken place. The Mikado flies into a rage and informs Ko-Ko it is the heir to the throne he has killed. As punishment for his blunder the executioner is condemned to be boiled in oil. Nanki-Pooh unexpectedly appears. KoKo saves himself by marrying Katisha. Nanki-Pooh and Yum-Yum have a royal wedding.
